## Recap of Membership Academy...

This was the highlight of my summer. I learned so many things not only about APO, but skills I can use in the real world. (time management, conflict management, how to plan and be a better leader etc)

I met the most AMAZING people. And ran into one of my old friends that I didn't even know was in APO!

Regionals in October will be so much fun and worth it (: I know it's during the weekend of aHallOUween, but I especially encourage underclassmen to go! You will meet lifelong friends and have such a great experience.

PLUS you can earn service/fellowship/leadership hours by attending conferences!

# Leadership

I'll be updating the calendar

Easy ways to get an hour: running for an exec position & being an exec in another org

Other leadership positions that you don't get paid for will count such as being a TA

Any recommendations of what you'd like to see on the calendar?

You're telling me that if I eat raw cookie dough there's a chance I could "die from salmonella" but people were on my strange addiction literally eating couch cushions and drinking gasoline and just having "minor stomachaches" yeah ok
