Tyler Hammerle (Zeta Delta '15 – H4)

Thank you for considering me for Section Chair. I currently live in downtown Indianapolis and work for an engineering consulting company as a wastewater engineer. My company only has core hours from 9 to 3 so I can be flexible with that time to make weekday chapter meetings!

I've had so many good experiences with Alpha Phi Omega and the fraternity has given me so much over the years. In all the roles I had through APO, being president of a chapter was not only an amazing leadership opportunity but was one of the most rewarding experiences of my life. Under my leadership, our chapter essentially doubled its member count from roughly 100 to almost 200 people. We were able to do a lot of good in the community, like raising 74,000 pop tabs (52lbs) for the Ronald McDonald House. I loved having the opportunity to lead an organization that can have a huge impact on the community. This gave me so much confidence in myself as I went into the workforce, and I was able to take many of the skills I gained in APO to my current job.

As president, I felt like I was able to touch so many lives in APO. I especially loved giving other brothers leadership opportunities and acting as a mentor to incoming leaders. I loved watching fellow brothers grow into better leaders and make a huge impact on our APO chapter. As a brother in APO, it has meant meeting friends for life. I continually tell people every chance I get how incredible the brothers are in APO. The fact that college students would sacrifice 20 hrs or so a semester to volunteer is not the norm. The brothers of APO are truly incredible and selfless people! We made connections that will last a lifetime through APO, and I hope that all members of APO also are able to have that kind of connection. I believe I can be a great resource as a Section Chair through my experiences in APO--not to mention all of my close brothers that I can lean on for help when I need it! APO has given me my best friend, friends from around the country, and a belief that I can make an impact in my local community. I am incredibly in debt to this organization and hope to continue to keep giving back as a Section Chair. Thank you for your consideration.

Held positions of President, VP Campus and Scouting Chair.

Awards: Golden Eagle Leadership Award, Distinguished Service Key, and Forget Me Not Award.

Rick Cazzato Jr. (Epsilon '18 – Region C)

My name is Rick Cazzato Jr. (he/him/his) and I am humbled by the opportunity to be considered for the Section H-1 Chair position. I began my experience as a pledge for the Epsilon Chapter (Truman State University) in the Fall of 2014. From the moment I pledged I knew that I wanted to take my involvement beyond my undergraduate career. As a member I completed all of the LEADS courses and served in chapter leadership as Alumni Secretary, Historian, Vice President of Regular Service, and Vice President of Membership. I also had the unique opportunity to serve on the Region VIII Conference Staff and help to host the conference on my campus. I currently serve as the Chief Executive Officer of the National Residence Hall Honorary (NRHH), which is an organization focused on recognition and service on college-campuses. My experience working with this non-profit will translate well into the section chair role so that I am able to best serve the chapters within the section. This June I will be starting my new role at the University of Indianapolis and am excited about the opportunity to serve the Section. I look forward to sharing with you my ideas on Communication, Advisor Support & Development, and Signature Events during the section meeting this weekend.
