

## **Concrete Solutions to Bullying**

Bullying seriously impacts teaching, student learning, psychosocial development, academic mission and overall school climate. Many anti-bullying approaches raise important awareness to define the problem, but often fall short in delivering concrete solutions. This workshop will equip professionals with effective tools and immediate skills implementation for the classroom and whole-school approaches.

***Peace2U: Three Phase Bullying Solution*** is an innovative anti-bullying initiative targeting grades 4-8. Practical and highly effective teacher or school counselor led approaches are utilized to create and sustain a safe and thriving school climate. The ***Peace2U*** program emphasizes three sequential themes underscoring critical life skills:

- ***Phase I: Leadership*** (Social Responsibility)
- ***Phase II: Interpersonal Skills*** (Peer Relationships)
- ***Phase III: Intrapersonal Skills*** (Internal Asset Building)

### **Participants will learn:**

- Three phase content for implementation in the classroom.
- 10 specific strategies to influence school climate.
- How to empower students to be leaders.
- How attitudinal responses make the difference.
- How to facilitate two gender specific role plays.
- How to reverse an “Inverted” bullying triangle.
- How transparency can eliminate “covert & overt contracts” among students.
- A five-step peer communication tool called “Clear Talk.”
- How to help students move beyond conflicts.
- Numerous classroom activities that reinforce learning objectives.
- 8 practical strategies for building internal assets.
