

Wellness Counseling

Certification Program

Treat the Whole Person

The Wellness Counseling Certification Program is a new continuing education opportunity in Ohio that leads to the Certified Wellness Counselor (CWC) credential.

The Wellness Institute Learning Group located in Worthington, Ohio has been approved by the State of Ohio Board of Career Colleges and Technical Schools to deliver the curriculum leading to the CWC certificate.

The Wellness Counseling Certification Program is a rigorous educational training experience that is designed for already licensed professionals (School Counselors, LPC, LPCC, LSW, LISW). The program far exceeds the requirements of any coaching program currently available and is designed to complement graduate training in mental health. Licensed professionals also qualify for CEU credits through the program.

If you would like to expand your knowledge of Wellness Counseling & Complementary-Alternative Medical treatments this is the program for you!

Please talk with us or check out the program web site.

Wellness Counseling Certification Program

Become a: Certified Wellness Counselor (CWC)

You will learn:

- To assess individual wellness.
- To create wellness treatment plans and provide multimodal counseling interventions.
- How to coordinate a team of complementary care providers.
- How to apply Wellness theory and models of behavior change to your counseling.
- Learn the application of Complementary & Alternative approaches to diverse client groups.
- Gain understanding of how to market your Wellness services to your community.
- How to teach relaxation and mindfulness skills to individuals and groups.
- And much, much, more!

Benefits also include:

- Gaining CEU's in coherent curriculum that leads to a certification credential!
- Ability to market yourself as a Certified Wellness Counselor (CWC)
- Improve your own health and well-being by participating in a "learn by doing" hands on program!
