## Mental Health and Deafness

This training will provide child and family clinical service providers with an introduction to providing therapeutic assessment and services to Deaf and Hard of Hearing children and families. The training will focus on:

- Deaf Culture
- Treatment Rights
- Common Barriers to Treatment
- Use of Interpreters
- Technology

This training will improve your ability to provide sensitive and appropriate treatment to your Deaf or Hard of Hearing families, including how to have a Deaf-Friendly environment in your agency or practice.
