

Michigan State University

Doctoral Study in Rehabilitation Counselor Education

- A long tradition of excellence, with more than 225 graduates.
- Small class sizes with skilled faculty who are leaders in the field.
- Opportunities to attend professional rehabilitation conferences and immediately integrate into a broad network of rehabilitation and counseling professionals.
- Strong relationships with other programs, departments, associations and service institutions including international groups.
- A curriculum that reflects the changing needs of the field and provides a level of confidence to graduates.
- Hands on research and teaching opportunities.

Michigan State University currently ranks No. 2 for rehabilitation counseling in U.S. News & World Report listing of "America's Best Graduate Schools."

Financial Support

All students accepted into the doctoral program in Rehabilitation Counselor Education are funded by the program. Students have regularly secured challenging teaching and/or research assistantship positions.

Now Accepting Application for Fall 2014

Students are admitted for the Fall Semester of each academic year. Applications are accepted through December 1st of 2014.

Complete the following steps in the application procedure below. Please send the department application, vita, statement of goals, writing sample electronically as an email .doc attachment to the admissions personnel listed on each program's department application. All PhD application materials must meet the December 1 deadline to be considered for university awards.

1. **University Graduate Application** -- To complete this application on-line or to download an application, go to the following web site: <http://grad.msu.edu/apply/>
Application fees, payable to Michigan State University, are non-refundable and should be sent with the graduate and department application to the admissions personnel listed on the department application.
2. **Department Applications and Program Information** -- The application form can be downloaded as a DOC (Document), which can be opened by most word processing software.
Form: http://education.msu.edu/cepse/forms/Rehab_n.doc
