

You're Invited...

To participate in a study of school counseling graduate students!

My name is Kathryn Zeanah and I am a 4th year doctoral student in the School Psychology training program at The Ohio State University.

I invite you to participate in a research study I am conducting for my dissertation. The purpose of this study is to examine the program climate and wellbeing of students in school psychology, school counseling, and school social work graduate programs. **I am especially interested in experiences of students who identify anywhere on the queer spectrum (e.g., lesbian, gay, bisexual, as well as individuals who identify as transgender).** This project has been approved by The Ohio State University Institutional Review Board.

I am requesting your participation by completing an online survey that will take approximately 15-20 minutes to complete. Participation in this study offers you an opportunity to enter into a drawing to win one of three \$75 Amazon.com gift cards. Additionally, a list of resources for LGBT students is provided at the end of the survey.

To participate, you can click on the following link (or paste it into your web browser):
