November 3, 2016

Dear Colleague:

The University of Wisconsin-Stout is conducting a search for an assistant professor in the Department of Rehabilitation and Counseling. The Department houses two graduate counseling programs; one in mental health counseling and one in rehabilitation counseling as well as two undergraduate programs; one in criminal justice and rehabilitation and another in vocational rehabilitation. I am contacting you for assistance in recruiting qualified and energetic candidates for an assistant professor in rehabilitation and criminal justice.

The Department offer opportunities for meaningful professional growth and shared development across programs and departments. The quality of UW-Stout is manifested in many ways, including UW-Stout's award of the prestigious Malcolm Baldrige National Quality Award. A full vacancy announcement is enclosed.

The individual filling this position will join a dynamic department that includes three mental health counseling and seven rehabilitation counseling faculty and staff. We are looking for a creative and energetic individual interested in teaching across our four programs in a collaborative working environment within a unique university setting. The Mental Health Counseling program is CACREP accredited. It is the only 60-credit graduate program in Wisconsin and the caliber of students reflects the program's rigor. In 2015, the CORE-accredited Rehabilitation Counseling program was ranked in the top ten rehabilitation counseling programs in the USA. The vibrant undergraduate program in vocational rehabilitation is the largest undergraduate program of its kind in the USA. Applicants for this position are committed to the quality academic and career preparation of practitioners across the programs offered in our department.

If you know of potential candidates, perhaps individuals already holding positions as assistant professors or current graduate students who will complete their doctoral degrees within the next year, we would appreciate your assistance in encouraging them to apply. Any potential candidates can contact me for information at homad@uwstout.edu or (715) 232-1113. Interested individuals may also visit our website at <http://www.uwstout.edu/rehab/index.cfm>.

The application deadline to ensure consideration is January 12, 2017. Thank you for your assistance.

Sincerely,

Debra Homa, Ph.D., CRC, CVE, PVE
Chair, Search & Screen Committee
Chair, Department of Rehabilitation and Counseling

Enc.
