Touch Drawing Workshop

with *Dr. Katherine Ziff*

OCA Members: Professionals \$25, Students \$15
Non-OCA Members: \$35

Approved
for 2
CEUs

March 22, 2018

9:30am-11:30am

McCracken Hall 331

Touch Drawing involves rolling paint across a surface, floating a sheet of tissue paper on top of the paint, and moving one's hands across the paper in response to the sensations and feelings of the moment.

Join Dr. Ziff to learn about the process of Touch Drawing, how it may be used to reach treatment goals, and how you may assist clients in processing their drawings and experiences with the activity. Touch Drawing is also great for self-reflection!

The Ohio Counseling Association is also a Counselor, Social Worker and Marriage and Family Therapist Board (CSWMFT) certified provider of counselor and social worker credits (Provider No RCS031407). OCA is certified to offer both supervision and ethics continuing professional education credits.

No artistic confidence or experience needed.

All materials will be supplied.

Please bring an old shirt/apron to protect clothing.

Registration limited to 25 participants.

Contact [Stephanie Maccombs](#) with any questions.
