Chi Sigma Iota

Promoting Excellence in the Profession of Counseling

CSI is an international honor society that values academic and professional excellence in counseling. We promote a strong professional identity through members (professional counselors, counselor educators, and students) who contribute to the realization of a healthy society by fostering wellness and human dignity. Our mission is to promote scholarship, research, professionalism, leadership, advocacy, and excellence in counseling, and to recognize high attainment in the pursuit of academic and clinical excellence in the profession of counseling.

Our Society

Founded at Ohio University in 1985, Chi Sigma Iota has over 79,000 members who have been initiated into the Society. We are growing by over 6,000 new members per year. They are affiliated with campus-based chapters contributing to their counselor education programs and communities.
