

Google Lime Scholarship

At Google, we believe information should be universally accessible. Our education and scholarship programs aim to inspire and help students become future leaders in computing and technology by breaking down the barriers that prevent them from entering these fields.

As part of our commitment, we've partnered with Lime Connect, a nonprofit organization that supports students with disabilities while they pursue education and promising careers, to help university students with disabilities work toward their academic goals in the field of computer science. Selected students will receive 10,000 USD (for those studying in the US) or 5,000 CAD (for those studying in Canada) for the 2016-2017 school year and will be invited to attend the Google Scholars' Retreat in the summer of 2016.
