.NET Nerd Job Posting

Description:

Extra Nerds is searching for a new .NET developer to join our team. This is an hourly, work from home, contract position (1099). You will be responsible for developing and troubleshooting ASP.NET web applications and Windows desktop applications written in C#.NET.

Requirements:

Intermediate/Expert skill level with the .NET Framework
Experience creating ASP.NET web forms, MVC, and Windows desktop applications
HTML/CSS/Javascript and familiarity with common CSS and JS frameworks (Bootstrap, Angular, etc.)
Ability to write well-documented code
Relational database design and maintenance using SQL Server
Familiarity with report design
Familiarity with 3rd party ASP.NET web controls (Telerik, DevExpress, etc.)
Familiarity with Subversion
Good time management skills and an ability to work on multiple projects
Excellent written/communication skills
Able to work remotely and collaborate using Teamwork/Slack/Join.Me
Secure, high-speed internet connection

Responsibilities:

Gather project requirements and produce accurate estimates of development effort required
Create new ASP.NET web applications (web forms and/or MVC) in C#.
Troubleshoot ASP.NET VB applications and convert VB.NET to C#.NET
Attend regular meetings in person at the Innovation Center in Athens, OH
Attend web conferences with clients as needed

Hours:

Starts at 10-15 hours per week. Gradually increases based on your performance, our workload, and your availability.

Compensation:

Starts at $30/hour. Frequent raises will occur and will come regularly until your rate matches your skill level.

We will continue to accept applications until the position is filled. To view and apply for the position, go to our website – www.extranerds.com/jobs
