Subject: ACEC – Ohio, Central Chapter 2018 Scholarship

Dear Dr. McAvoy:

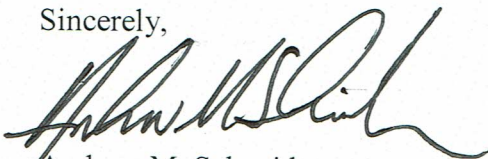

Thank you for your help in facilitating the award of our scholarship. The American Council of Engineering Companies – Ohio, Central Chapter will be awarding one (1) \$2,500.00 scholarship to a qualified undergraduate student (entering the Junior or Senior year in Fall 2018) in the field of engineering at Ohio University. Our goal is to encourage engineering students to consider the engineering field as a career choice through this scholarship.

ACEC – Ohio, Central Chapter is requesting your assistance in publicizing our local scholarship by posting the enclosed scholarship application forms throughout the College of Engineering facility. Also, please notify department heads so they can directly contact students for this opportunity.

The completed application must be returned to ACEC – Ohio, Central Chapter and must be received by **April 1, 2018**. Disbursement of the scholarship will be through your University Scholarship Fund.

We appreciate your help in this effort. If you, your department heads or students have any questions, please feel free to contact me at this office at (614) 433-7885 or via email at [amschneider@transystems.com](mailto:amschneider@transystems.com) or [centchapter@acecohio.org](mailto:centchapter@acecohio.org).

Sincerely,

Andrew M. Schneider  
Vice President  
ACEC – OH, Central Chapter

**American Council of Engineering Companies – Ohio  
Central Chapter  
2018 Scholarship Application  
(\$2,500.00)**

To qualify for the American Council of Engineering Companies (ACEC) – Ohio/Central Chapter 2018 Scholarship Award, a student must be a U.S. citizen pursuing a Bachelor's degree in an Accreditation Board for Engineering and Technology (ABET)-approved engineering program at The Ohio State University. Students must be **entering** their junior, senior, or fifth year in the fall of 2018 to qualify.

Your interest and commitment to the business and management of the profession are important. You are encouraged to reflect that throughout the application.

Be as complete as possible while filling out this application. Each portion of the application has a specific point value. Judges will score each section separately. Incomplete applications will not be considered. Applications should be submitted as hardcopy.

### **Scoring**

- **Cumulative Grade Point Average: 20 points**

Include a transcript or academic advising report documenting grade point average and courses taken.

- **Essay: 25 points**

Essays must be typed or neatly printed. Points may be lost for poor grammar, incorrect spelling, illegibility, or lack of neatness. Proofread carefully.

- **Work Experience: 20 points**

List your most recent work experience first and include any jobs held during high school. Indicate the year in school during which you held a particular position. Indicate if your work experience was in the form of work study, co-op, or practice. Clearly identify the nature of the business of the listed employers; in particular, note consulting engineering or land surveying firms. Be complete and accurate. List additional experiences on a separate sheet and attach if necessary. The more experience you list, the higher your potential score.

- **Recommendation: 20 points**

A recommendation is needed from an engineering professor or a consulting engineer or managing engineer. Use the enclosed form - a letter generally is not sufficient. *The evaluator must send, by mail or email, the recommendation directly to the American Council of Engineering Companies – Ohio, Central Chapter. The address and email address is shown in the box on the recommendation form.*

- **College Activities: 15 points**

Indicate all college activities including offices held in any organization. Be as complete as possible. If there are no activities, write "none". The more activities you list, the higher your potential scores.

**ACEC-Ohio Central Chapter  
Scholarship Application**

**Include a grade transcript/academic advising report**  
from the university and clearly identify your cumulative  
grade point average on a four-point scale:

My GPA is \_\_\_\_\_.
