

# One Page for One World

OPOW is an opportunity for undergraduate engineering students to innovate by proposing an engineering-minded product that could potentially be donated to developing communities outside of the United States.

## Examples of Innovation

- Composting Toilet
- Universal Nut Sheller
- Lifestraw
- Hippo Water Roller
- DIY Hydroplant
- Whirlwind Wheelchair

## The Process

Applicants will be evaluated by a board of Ohio University students and faculty based on ingenuity, usefulness, clarity, and feasibility.

First and second place submissions will receive a cash prize of \$300 and \$150 respectively. If your idea is good enough, it may be brought to life with additional funding!

## Submission Format

- 1 single-spaced page
- 1" margins
- 12pt font minimum
- Images/figures/tables are permitted
- Citations are permitted
- Appendices/headers/footers are not permitted

Submissions must be emailed to [gd868414@ohio.edu](mailto:gd868414@ohio.edu) by November 2<sup>nd</sup>, 2019 in a single pdf file. Submission emails must contain your name, phone number, school of enrollment, year (freshman, etc.), and field of study. Any questions regarding the OPOW contest may be emailed to [kp440716@ohio.edu](mailto:kp440716@ohio.edu)
