

JPMORGAN CHASE & CO.

Where will **your** career take you?

Julietta | Software Engineer

See where a future in tech can take you with our Columbus Open House!

Join our **Software Engineer Program Open House** for the Columbus Tech hub! This event is being provided to students in the greater Ohio region.

During our interactive session, you'll meet some of our senior tech leaders and technologists to see firsthand how our culture supports and develops a career in technology at JPMorgan Chase. Come and meet our recruiter and have the opportunity to network with our technologists from various lines of business. Through the open house, you'll gain value career advice and guidance on effective personal branding. You'll also learn about our firm and opportunities in our Software Engineer & Tech Connect Programs and the application process.
