What is Sustain OHIO?

Sustain OHIO is an essay competition that provides an opportunity for students at Ohio University to use their innovative ideas to create an action or practice that could assist in making Athens a more sustainable city.

This year a specific case will be released for students to write an essay that will contain an innovative approach to solving this problem. The winner will receive a **cash prize** in addition to the opportunity to present their approach to the stakeholders.

Contestants will be evaluated on clarity, creativity, potential to implement, economic impact, and environmental impact, as determined by a host of judges composed of faculty, staff, and alumni.
