

Launch Your Technology Career Into Hyperdrive!

WE'RE HIRING!

OHIO
UNIVERSITY

Leading-Edge Online & Coding Immersion Programs at No Cost

Don't just move forward in technology—sprint ahead. Ohio University and Revature have partnered to offer all OHIO students and recent graduates an opportunity to fast track their technology career. Accepted applicants join the Revature team, and then receive intensive training in a team-focused setting where you can become certified in the latest enterprise-level, next-gen, and niche technologies at no cost.

Accepted applicants into the coding program receive the following while in attendance:

A free 12-week immersive, industry-aligned coding program and dedicated industry mentors to ensure your success

Build a comprehensive portfolio that showcases your projects, skills, capabilities, certifications, and more.

Weekly living allowance while in the program

At Revature you'll work on the most innovative, challenging and rewarding software development projects for leading Fortune 500 companies, government organizations and top system integrators.

Professional certifications paid for by Revature
