

MORPC LOCAL GOVERNMENT SUMMER INTERNSHIP PROGRAM

WHO WE ARE

The Mid-Ohio Regional Planning Commission (MORPC) is Central Ohio's regional council with over 70 members comprised of counties, cities, villages, townships, and regional organizations. We take pride in bringing communities of all sizes and interests together to collaborate on best practices and plan for the future of our growing region. We do this through a variety of programs, services and projects and initiatives – all with the goal of improving the lives of our residents and making Central Ohio stand out on the world stage.

The MORPC Local Government Summer Internship Program is designed to provide qualified college students with the opportunity to obtain practical work experience with a local government within the 15-County area to prepare them for possible careers in public service. MORPC member governments are eligible to participate as hosts. Hosts pay MORPC a \$650 program fee per intern which covers training, mentors and special forums to supplement the intern's experience. MORPC coordinates the placement to match the host's request. Hosts make the final selection decision and provide the hourly wage.

Interns work for a host for a minimum of 12 hours to a maximum of 40 hours per week for a 14-week period. Interns may gain applicable knowledge to enhance classroom learning through working with current government professionals as well as insights on the services provided by a regional planning commission. Interns have the opportunity to attend commission meetings, and/or special MORPC-sponsored events and forums during their internship program period.
