

Ohio Natural History Conference

Save the Date!

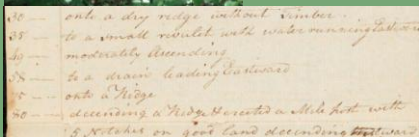

February 22nd 2025

The Ohio Biological Survey is excited to bring back our traveling conference series. Join us in 2025 for the 4th stop in our Physiographic Tour

Southeast Ohio The Unglaciaded Allegheny Plateau

Keynote speaker

Rick Gardner, Chief Botanist, ODNR

**The heart of it all was the start of it all:
Revisiting original land surveyor
notes and their application to
conservation today**

Rick has spent most of his career in the Division of Natural Areas and Preserves where he leads the Ohio Natural Heritage Section which tracks Ohio's rare flora and plant communities.

**Hosted by:
Salt Fork Lodge
& Conference Center**

Registration soon to follow (in-person & virtual option available)
