

Planning to Implement Ohio's New Learning Standards

A regional workshop designed
to help teachers and school teams prepare to implement
Ohio's New Learning Standards for Mathematics

Sponsored by
Ohio Council of Teachers of Mathematics
Ohio University Council of Teachers of Mathematics

Dates and Location: Saturday, September 7 from 1:00 – 4:00
at Ohio University's McCracken Hall 214A/B

Registration fees:

\$10 per person per workshop for OCTM members

\$15 per person per workshop for non-OCTM members

OCTM Membership information is available at http://www.ohioctm.org/join_octm.htm

Registration deadline: one week prior to the workshop.

(A registration form is available on the OCTM website.)

Tentative Agenda:

Overview of Ohio's New Learning Standards, PARCC (the Next Generation Assessments),
and the transition timeline in for Ohio schools

Breakout sessions by grade bands (K-2, 3-5, 6-8, 9-12)

Standards for Mathematical Practice

Overview of domains/conceptual categories, clusters, and standards

Explore lesson activities for particular grade bands and clusters

Examples of assessment items

Implications for college and career readiness (9-12 grade band)

Closure and next steps

Note: You may wish to bring a laptop computer to use during the workshop.
