

Hey Everyone!

My name is Parker Poliakoff and I am a graduate student working on the Bobcat Blackout committee and am letting you all know of a new contest we are running. This year we are hosting a competition amongst the Greek organizations to see which group can buy the most Bobcat Blackout shirts.

We will have each organization compete against fellow organizations within the same group (ie. IFC vs IFC, NPHC vs NPHC, MGC vs. MGC, and WPA vs. WPA). Each winning group will receive a customized Bobcat Football Jersey with their organization's letters on it!

All you have to do is have you or your friends mention your Greek Organization when buying a blackout shirt for it to be counted toward your group's score. The proceeds from these sales go towards student scholarships.

Additionally, we would like to come to your chapter meeting in order to bring the shirts to you and if 30% or more of your group buys a shirt then you will be able to have multiple entries into the raffle of your choice for these prizes:

- 1) \$5500 towards tuition
- 2) A Nathan Horton signed Columbus Blue Jackets Jersey
- 3) An Alex Mack signed Cleveland Browns mini-helmet
- 4) A Cincinnati Bengals Domanta Peko autographed photo

We will be tweeting out results throughout the contest so make sure you follow us @BobcatBlackout

If anyone has any questions about this competition or about Bobcat Blackout, feel free to email me at parker.poliakoff@gmail.com

Thank you and lets see which groups win!
