

Hello,  
my name is  
**Ayebazibwe  
Francis.**

I am determined to get an education and have been walking 15 miles to and from school every day for the past four years. The Empower Campaign answered my call for help and now I can stay at school and study for a career in public service. I want to help my country. Please continue to help me succeed by donating what you can.

Their dreams,  
Your commitment,  
Africa's future

**empower**  
educating Africa's orphans  
and vulnerable children
