

CALLING ALL MATH TEACHERS

ARE YOU a creative and innovative math educator experienced in training other teachers to be successful in their classrooms?
interested in traveling inside and outside of the United States?

Education Northwest—a research, consulting, and professional development organization, and the Education Development Center have an exciting opportunity for you! We are recruiting 80 master teachers to facilitate intensive, transformational, and successful face-to-face professional development. These two-day trainings will be delivered during the summer months of July and August throughout schools serving our military families here and abroad.

WHAT YOU NEED

- In-depth knowledge of Common Core State Standards and NCTM's Principles to Action
- Experience providing instruction, coaching, or professional development related to Common Core State Standards and mathematics
- Five years or more of experience in and extensive training and knowledge of pre-K–5 math education
- Bachelor's degree or higher in education, curriculum and instruction, or related field
- Excellent communication and presentation skills
- Valid passport by time of travel abroad

WHAT YOU GET

Engaging distance-based orientation and training
Competitive compensation for your time (range \$2,700-\$3,400) and travel reimbursement
Opportunity to meet like-minded and talented teachers wanting to improve student success throughout the world

Travel this summer!

Please submit your application by May 31 or earlier at
